

Practice Management Integration

About NextGen by NextGen Healthcare Information Systems

NextGen Healthcare's award-winning solutions streamline front and back office administration and manage all clinical data relating to patient care. NextGen EMR and NextGen EPM are fully integrated and used by more than 20,000 providers at 800-plus physician practices nationwide. NextGen Healthcare Information Systems, Inc., a wholly owned subsidiary of Quality Systems, Inc. (NASDAQ: QSII), develops and markets computer-based practice management and electronic medical records systems for medical group practices. Please visit www.nextgen.com for additional information.

About VisionWeb

Headquartered in Austin, Texas, VisionWeb is the leading provider of software and technology solutions to the optical industry. VisionWeb offers convenient, direct-to-supplier online ordering; online multi-payer insurance transaction processing; and other services for opticians, optometrists, ophthalmologists, optical manufacturers, laboratories, distributors, payers, and patients. For more information, please visit www.visionweb.com.

Convenient Ordering and Insurance Processing

NextGen[®]

Order Direct to Your Suppliers with Ease

VisionWeb and NextGen Healthcare Information Systems have integrated VisionWeb's online ordering service within the NextGen system. Using the integration, you can place orders to your suppliers without having to access the VisionWeb site or re-key order information into another system. Your practice will save time and reduce duplicate data entry, while still gaining the benefits of VisionWeb's online ordering service, including:

- Direct access to hundreds of suppliers from one interface
- Custom catalogs and error checking to improve order accuracy
- Improved turnaround time on orders placed electronically
- Ongoing technical support and customer service

Getting Started

NextGen customers seeking the ability to place spectacle lens orders to laboratories via the VisionWeb integration should contact VisionWeb at (800) 874-6601.

**Save time and
reduce duplicate
data entry**

Upload Insurance Claims with One Click

NextGen is compatible with VisionWeb's insurance processing service for claim upload direct to payers. You can upload single or batch claims to thousands of insurance payers nationwide, with a single click from within the VisionWeb interface. Once you create the HIPAA-compliant claim in NextGen, there is no need to re-key claim information into another system. Your practice will save time and reduce errors associated with re-keying claims, while gaining the benefits of VisionWeb's insurance processing service, including:

- Connections to thousands of government and commercial medical payers from one interface
- Patient eligibility and authorization information at your fingertips
- Simplified claim status information and detailed reporting to monitor claim acceptance
- Remittance information managed electronically to replace paper EOBs
- Improved claim acceptance and reduce reimbursement time on claims processed electronically
- Ongoing account management and customer service

Processing insurance transactions with VisionWeb is affordable for practices of all sizes and pricing is competitive.

Getting Started

Contact the VisionWeb Enrollment team at (800) 590-0873 or email sales@visionweb.com to get started.
