Practice Management Integration

Order Direct to Your Suppliers with Ease

VisionWeb and Insight Software have integrated VisionWeb's online ordering service with My Vision Express. This solution allows you to order electronically to your suppliers, without having to access the VisionWeb site, and it virtually eliminates the need to phone or fax your suppliers for order processing. Your practice will save time and reduce duplicate data entry, while gaining the benefits of:

- Direct access to suppliers on the VisionWeb network
- Custom catalogs and error checking to improve order accuracy
- Up-to-date order tracking to manage customer expectations
- Improved turnaround time on orders placed electronically
- Ongoing technical support and customer service

Submit Insurance Claims with a Click

My Vision Express is also compatible with VisionWeb's insurance transaction processing service. Simply upload claim files created in My Vision Express and send them to your payers through VisionWeb, without having to re-key claim information. You will also have access to features like eligibility checking, claim tracking, reporting, and ERA.
